## expect **more** from your internet provider

With the all-new enhanced High Speed DSL and Dial-Up Internet packages from FairPoint Communications, you're in for an exciting Internet experience! These packages feature all the same great options we've always delivered, but now include tons of EXTRAS to make the most of your connection.

With FairPoint Communications' *Increased Speeds*, you'll surf the Web more quickly than ever before! And with DSL, your service is dedicated, not shared like cable modems.

You'll have access to advanced *Parental Controls* to help keep your loved ones protected. The new Security Suite includes a *Firewall*, *Pop-Up Blockers*, *Virus Protection* and *Spyware* software to help protect your computer and personal information...we've even added new *Video Mail* capabilities.

In addition, FairPoint's new *Roaming Road Warrior* option will make it easier for you to stay connected while away from home. *Tattle Mail* will help you protect children from offensive Spam emails, and *Web Racer Accelerator* will keep Internet gaming enthusiasts competing with the best gamers online.

All this and more is included when you subscribe to High Speed DSL or Dial-Up Internet services from FairPoint Communications!

**Your Internet service has never been better!**
